Pre-school New Build

Dear Parents and Carers,

As many of you will know from our age range consultation, we have secured a significant amount of funding to build a dedicated pre-school building. This is an exciting opportunity for our school and Chawson families.

We will begin construction in January 2023 and it is hoped that the first children to use the building will be settled in in September 2023. The new pre-school will be positioned at the rear of our site, close to the boundary with Witton Middle School.

During the construction, various parts of our school site will be securely fenced off to allow for a safe construction area. This will have an impact on the amount of space on the rear playground. We are very lucky with the amount of playground space we have, so I have no doubt we'll be able to adapt to a smaller area while the construction is underway. The installation of services along our side entrance may also impact on the way we use the site for short periods during the build. We will schedule these so as to cause as little disruption as possible, and I will of course keep you fully up to date with the different phases of the build when we have further information.

I thank you in advance for your support with this. I look forward with great anticipation to cutting the red ribbon on our new building and inviting you all for celebratory tea and cake (made by our pre-schoolers of course!)

Yours Sincerely,

A handwritten signature in black ink that reads 'N Peck'.

Miss Nicola Peck
